Games start

Players need to choose first
piece
floor

Number of people (this is a single player game)
map

After entering the game

All players have four pieces
Will be assigned to their respective bases
Must be thrown when 4 is thrown

The player order is randomly determined by the computer.

Players need to press the dice
To come up with numbers

When you get 6, you can choose the pieces in the base to attack.
You can also choose other pieces to move.

When you get 1, you can cast another dice after the action.

When the pieces move to their own site.
You can advance 4 more squares.
it is necessary.

When the destination has, other players, the pieces, exist.
At this time, the pieces of other players must be sent back to the base.

When the destination has, other players, the pieces, more than two, exist.
At this time, the other players' pieces are sent back to the base, one.
The current player's piece is also sent back to the base.

Save the game when it's your turn.

You only need to use the mouse to complete the operation.
